6th Summer School of Anatomy-Based Sonography Heidelberg

Dear students,

Heidelberg University gladly invites you to join the Summer School of Anatomy-Based Sonography Heidelberg (SASH) from 6 August until 13 August 2022 in Heidelberg.

SASH was found in 2015 and is a student's initiative with a hands-on ultrasound course, which our experienced senior medical students designed together with the University's professors, taking place each summer. The week you will spend with us will not only be an ultrasound course, but also an international student exchange – including a hiking trip and pub tour!

For further information about the course and the application process, please read our brochure enclosed. If you have any questions, don't hesitate to contact us at sash@uni-heidelberg.de.

Yours sincerely,

Leonie Henningsen, Leo Nonnenbroich and Fabian Bauer on behalf of the SASH-Team

HEIDELBERG
FACULTY OF
MEDICINE

APPLICATION FORM
Summer school of Anatomy-Based
Sonography Heidelberg 2022
